

# Kahoot planning template

**Without a doubt, the best way to make sure that your kahoot has the right impact is to do a bit of planning!**

**Use it to plan and structure your kahoots, send it to colleagues to aid collaboration, or include it in your student handouts!**

## **Some tips:**

- There are no question numbers on Question Page allowing you to re-order the questions easily whilst planning your kahoot. This provides an opportunity to improve the narrative of the game as you plan.
- When you're creating a kahoot, you are a game designer! Think about the experience that you want the players to have. Who are you making the kahoot for and why are you making it?

# What's the title of your kahoot?

You can make it fun, catchy, informative or simple.
